ABOUT SYLVANIA

SYLVANIA has been the leading lighting innovator for over 100 years. Our line of high quality lampholders has been a benchmark in the industry since 1968.

Lampholders are key drivers of performance in any lighting system. Count on SYLVANIA to deliver quality lampholder solutions backed by fast and reliable customer service. **To better meet the needs of our customers, we are broadening our product offering to include innovative lampholders for metal halide lamps.**

The SYLVANIA lampholder line includes a variety of wire types, wire lengths, strip lengths and terminations. We offer enhancements such as reflectors, mounting brackets and other hardware, upon request. In addition, our experienced design team can customize standard products to meet your specific requirements.

For easy reference, this catalog lists our lampholders by lamp base type and provides part numbers available for each type. For more information on how SYLVANIA lampholders can meet your needs, please contact our customer service representative at (717) 848-8080 ext. 248, or visit www.sylvania.com/lampholders.
